MEXICO CITY, Nov. 21.—Via Vera Cruz—Mexico is on the eve of an epochal revolution. Even the censored press dispatches from the interior fail to hide the gravity of the situation. The revolt, which has been fanned by promises of aid from the American border is spreading and insurrectionists are gathering by the hundreds in the cities.

A succession of bloody conflicts is feared and rumors of clashes in the central states are rife here. The government is constantly receiving dispatches reporting the organization of large bands of rebels. The federal departments were significantly active today.

Orders were issued today strengthening the garrisons at Matamoros, Nueva, Laredo, Juarez and Ciudad Juarez. Several cipher messages are reported as having been dispatched to the Mexican diplomats at Washington.

RUMORS CONFIRMED—KNOX

CALLS ON WAR DEPARTMENT
WASHINGTON, Nov. 21.—Secretary of State Knox will ask the War Department to order United States troops to preserve the neutrality treaty. The State Department is constantly plied with reports of doings along the frontier.

Advices from Ambassador Wilson today confirm the outbreaks at Puebla and Juarez. The messages state that the government is now in control of both towns. Consul Ellsworth at Ciudad Diaz, wires that the spirit of unrest along the border is not exaggerated by the press reports.

THOUSANDS SAID TO
HAVE CROSSED BORDER

LAREDO, Texas, Nov. 21.—Three hundred armed Mexicans crossed the Rio Grande from the Mexican side today, marching toward San Carlos where the revolutionary forces are reported as mobilizing. A credited report is to the effect that the rebels are planning to mass on Chihuahua.

It is estimated that two thousand Mexicans have crossed the river in the last twenty-four hours. The reports state that they are being organized by the military insurrectionists. Many American ranchers and rangers are reported to have accompanied the revolution.

MANY WERE KILLED AT
ZACATEAS YESTERDAY

EL PASO, Tex., Nov. 21.—Dispatches from Zacatecas state that the bodies of those killed yesterday in a fight, when the soldiers fired on speech-makers at the Plaza, are being buried in trenches outside of the city.

It is reported that the government has issued orders that the graves shall be unmarked. Varying estimates of the number of dead have been received. It is believed here that one hundred perished.

Reports of rioting in various places in Mexico have not been confirmed. This perhaps is due to news censorship, although many messages are getting through. Private dispatches say the soldiers are in complete control.

MARTIN IN HIS BIPLANE WILL FLY
IN PUBLIC EXHIBITION TOMORROW

Tomorrow afternoon Glenn L. Martin will fly. The exhibition will be free to the public, and will be given under the auspices of the Santa Ana Merchants & Manufacturers Association.

Martin has been doing some very fine work in his practice flights. He has accomplished wonders with his aeroplane, which he built and by his own experiments learned to fly. On a number of occasions the aviator has made flights of over two miles, circling to the place of starting.

Martin has planned a program for tomorrow to demonstrate the work of the aeroplane. The flights will be varied to show the rise and the dip and the circle. Weather conditions may vary the program somewhat, but if the wind is not too strong Martin will do some work that cannot be surpassed by any amateur in the country.

The exhibition will be the first flying exhibition to be held in this county. That there will be a big crowd in attendance is assured by the inquiry and the talk that has been heard concerning the affair.

The flights will be from James McFadden's pasture, a few rods east of the residence at the corner of South Main and McFadden streets, and will commence at 4 o'clock. No flying will be done before that hour.

Within a short time Martin's biplane will be dismantled and taken to Dominguez where it will fly in the big January meet.

The Pacific Electric will run special cars to and from the field. These cars may be taken for the field at the corner of Fourth and Main streets.

The schools have made arrangements to dismiss all classes so that the pupils may witness the exhibition. It will be the kind of thing that may not be seen here again for a long time.

Automobiles and rigs will be admitted into the field, and with the spectators will be kept on the west side of the field. The east side must be kept clear for starting and stopping purposes.

KAISER PREACHES
THE GOOD GOSPEL
OF NON-DRINKING

BERLIN, Nov. 21.—"The next war will be won by the nation with the smallest liquor bill," declared the Kaiser today at the opening of the Flensburg Naval College.

"We all want to be grounded in religious convictions," he said, "and we want temperance as the chief virtue. The good fighting man must be good physically; this is impossible when one drinks excessively."

ARRAIGNED TODAY

Attorneys Ask Continuance and
Trial Will Begin on
December 10

WHEELING, Nov. 21.—Mrs. Laura Schenk, charged with an attempt to poison her husband, John O. Schenk, the millionaire packer, appeared in the criminal court today for arraignment. Her attorneys asked for a continuance until they can argue five separate pleas for the dismissal of the indictment. Prosecutor Handlan announced that the trial would probably begin on December 10.

BROOKINS WILL NOT
ABANDON AVIATION

DENVER, Nov. 21.—Walter Brookins, the Wrights' most promising aerial pupil, today denied that he will abandon aviation as a result of Ralph Johnstone's death here last week. Brookins arrived at noon from Kansas City where he accompanied Johnstone's body. Brookins and Arch Hoxsey, start tonight to Vancouver for exhibitions.

TAFT ARRIVES TUESDAY
AT HAMPTON ROADS

HAMPTON ROADS, Nov. 21.—After two weeks' inspection of the Panama Canal, President Taft, aboard the cruiser Tennessee, arrives at daybreak tomorrow. A wireless message this afternoon stated that the President is well, and is pleasantly anticipating his return to his duties at Washington.

Entire Family Is
Killed and House
Burned Over Them

BARNARD, Mo., Nov. 21.—Four bodies found charred in the ruins of the Hubbell home here today were identified as Ora Hubbell, aged forty years, his wife and two children, Jessie, aged six, and Walton, aged four. All had been shot, and the building presumably burned to hide the crime.

A pool of blood outside the door leads to the belief that Hubbell was called outside and killed, after which the others were murdered and the fire started. Mrs. Hubbell's body was found beneath the telephone. She had evidently tried to telephone for help.

Bloodhounds are on the murderer's trail. No motive, unless that of robbery, is known.

FARMER ARRESTED AFTER
SHOWING MUCH MONEY

MARYVILLE, Nov. 21.—Hezekiah Roscoe, a farmer, was arrested this afternoon in connection with the investigation of the murder of the Hubbell family at Barnard. The authorities say his arrest followed his alleged exhibition of a large sum of money. The motive of the Hubbell crime is believed to be robbery.

LANDIS TRANSFERS
PACKERS CASES TO
JUDGE CARPENTER

CHICAGO, Nov. 21.—Federal Judge Landis today refused to transfer the government cases against the Chicago packers to the United States Circuit Court, but transferred them to Judge Carpenter's department of the District Court.

Judge Landis' action followed his own disqualification to act as a trial judge because of personal connection with a former beef trust prosecution.

Five Rangers Held

HELENA, Mont., Nov. 21.—Two Indians were killed and two were fatally wounded in a fight with cowboys on the Crow reservation, according to dispatches today. A sheriff's posse is en route to the reservation. It is charged that the cattlemen were the aggressors, and their arrests are expected. Five rangers are reported as under detention awaiting the sheriff.

BRIAND STRUCK TWICE
IN FACE BY ROYALIST

PARIS, Nov. 21.—Premier Briand, while attending the ceremonies in the Tuilleries yesterday in connection with the dedication of a monument erected to the memory of Jules Ferrer, the French statesman, was assaulted by a Royalist, who struck him twice in the face with his fists. The Premier was not seriously hurt.

TURKEYS SOAR TO 30

FOLLOWED BIER WHEN HE
WAS TAKEN TO YASNAYA

Famous Writer Will Not be
Buried With Rites of the
Greek Church

YASNAYA POLIANA, Russia, Nov. 21.—Count Leo Tolstoy's body, under military guard, was brought here today for burial. There was no demonstration although peasants gathered from miles around and followed the bier with bared heads.

The famous Russian writer died at Astapova early Sunday morning, his wife and family being at his bedside. He never recognized his wife.

PEASANTS CROWDED TO LOOK
ON FACE OF THEIR FRIEND

ASTAPOVA, Nov. 21.—No one was excluded from the death chamber of Count Leo Tolstoy yesterday and all day long a steady stream of peasants passed through the room where his body lay. The silence was broken at times by the orthodox chants of the mourners.

Countess Tolstoy sat beside the bier for hours, often kissing the face. "The light of the world is gone out," she said repeatedly.

She left the hut only to attend matins in the school chapel, expecting that a requiem would be sung. When informed this was not permitted she swooned.

The funeral will be held Tuesday. Tolstoy left a written wish that he be buried without pomp under "Poverty Oak," where he played as a child and where the peasants were accustomed to congregate.

GREEK CHURCH WILL
NOT BURY TOLSTOI

ST. PETERSBURG, Nov. 21.—Though a plenary synod has not been called, the church has decided not to give Count Tolstoy an orthodox burial and instructions have been dispatched to the bishops not to permit requiems. The government will co-operate with the church in its decision, although it desires that the great Russian be buried with the Russian rite.

The church was desirous of lifting the ban of excommunication, but the Count indicated at no time that his attitude toward the church had changed.

EXTREMISTS CENSURE DUMA
FOR ITS ADJOURNMENT

ST. PETERSBURG, Nov. 21.—The "extreme rightists" today violently censured the Duma for adjournment out of respect for the memory of Count Tolstoy. They asserted the action was a direct insult to the Greek church, which excommunicated the novelist.

Disorder preceded and followed the vote in the Duma which overwhelmingly favored adjournment.

Tryouts Today

SANTA MONICA, Nov. 21.—Earl Moss, the mechanician of the Knox car entered in the Santa Monica road race on Thanksgiving day, sustained a broken breast bone and internal injuries, when the car overturned during the tryouts this morning. Driver Herbert Brown was uninjured.

The accident occurred on the Nevada avenue "death curve." It is feared Moss's injuries are fatal.

Crippens Final
Hope Gone, He
Weeps Over Fate

LONDON, Nov. 21.—Home Secretary Churchill today declared that there will be no intervention in behalf of Dr. Hawley Crippen, condemned to die for the murder of his wife. When Churchill's statement was read to him Dr. Crippen completely broke down. He wept bitterly as he protested his innocence of his wife's murder.

The date of his execution is Wednesday, November 23.

MISS LENEVE VISITS
CRIPPEN—BOTH WEEP

BENTON VILLE PRISON, London, Nov. 21.—Ethel Leneve visited Crippen in his cell today. The meeting of the pair, who have been separated since the trial, was dramatic. Both wept several minutes, then talked for half an hour, and wept again.

The girl was led from the cell sobbing and hysterical. Crippen was choked with sobs for half an hour after she left. They will see each other tomorrow for the last time before Crippen hangs on Wednesday.

It is rumored that Crippen confessed to Miss Leneve and asked her to intercede personally for him with the queen. Crippen's barrister, Newton, refused to confirm or deny the rumor but the newspapers this afternoon discredited the rumor.

WASHINGTON, Nov. 21.—As the representative of vast Eastern freight interests, Louis Brandeis, attorney for Louis Glavis in the recent Pinchot-Ballinger investigation, protested to the Interstate Commerce Commission today against the increase of freight rates proposed by the Eastern railroads.

"No reason is adduced showing why the railroads need any increased revenue," he declared. "I propose to show that there is a large field for the application of scientific management to the railroads. With economies they could save one million dollars annually."

KILLED MAN WHO
HAD MENAGED HER

Mrs. Davita Shoots Abele Brove
In Los Angeles Today
at Noon

LOS ANGELES, Nov. 21.—Mrs. Angela Maria Davita shot and killed Abele Brove, on Main street, near the business section of the city, at noon today. The woman was arrested and taken to jail, where she declared that Brove wrote a letter threatening to kill her and to burn her home.

She was boarding a street car when she saw Brove approach. She drew her revolver and fired five shots, each one reaching the mark. Both were Italians.

The police believe the Davita woman, who is aged thirty-five, is brooding from fear or a fancied wrong. After she shot Brove she talked rationally at the police station and said: "He has bothered me many weeks and threatened the lives of my children. If I hadn't killed him he would have killed me. He came to my home this morning and tried to persuade me to accompany him to Eastlake Park. I refused, and started down town. I met him as I was returning home."

LORIMER PROBE COMMITTEE

Teachers of County to Gather
at High School for Annual
Discussions

TWO DAYS OF WEEK
IN LOS ANGELES

Educators From Various Institutions
of the State Are
to be Present

The Orange County Teachers' Institute will be held at the Santa Ana High School building on Dec. 19, 20 and 21. On Dec. 22 and 23 the institute will join with the Southern California Teachers' Association, the San Bernardino County Teachers and the Los Angeles County and City Teachers, who will hold joint sessions in Los Angeles.

County Superintendent of Schools Mitchell has prepared an excellent program for the county institute to be held here. Among the well known educators who are to speak are Job Wood, statistician of the state superintendent's office; W. Scott Thomas, examiner of high school, of the University of Southern California; Miss Louise Stokes of the Pasadena city schools; Miss Elizabeth Kepple of the Los Angeles Normal; W. C. Crandall of the San Diego Normal, and City Superintendent of Schools J. H. Francis of Los Angeles. County Horticultural Commissioner R. K. Bishop is to deliver an address. Prof. Thomas is to speak on "A New Departure of School Organization," and he will have charge of the high school section work.

The institute will hold general sessions on Monday morning and Tuesday and Wednesday afternoons, and will meet in high school, grammar and primary sections on Monday afternoon and Tuesday and Wednesday mornings.

The papers to be read and the discussions planned are designed to be of great use to the teachers of the county. The work will be practical and helpful.

OFFERING A NEW HOTEL

Two Propositions to be Submitted to Anaheim Civic Bodies for Building

Anaheim Plain Dealer: At meetings of the Chamber of Commerce and the Merchants' Association on Monday night there will be presented propositions from two hotel men, and possibly more, with reference to the construction and conduct of a first class hotel in the city.

Both the Merchants' Association and the Chamber of Commerce have a joint committee at work on this highly important matter since the latter part of October. The propositions which will be submitted and discussed Monday evening are the outgrowth of this committee work.

In connection with the propositions, the joint committee has inquired into the standing and past hotel experience of those whose offers they have received, with the result that it is determined that whichever proposition may be accepted, the maker will be abundantly able to carry out the terms and give to the city the high class hotel facilities of which it stands in need.

LAYS IT UP TO UMPIRE

Santa Ana Lost Yesterday's Baseball Game by Score of 1 to 0

Hughes 1, Santa Ana 0.

It was one of the most interesting diamond struggles ever witnessed on the local diamond, the Hughes Manufacturing Company of Los Angeles winning by the above score.

The game was exciting all the way through, the umpires making decisions that brought abuse from all sides. The "umps" were plainly off their feed, Umpire Mitchell making the decision that lost the game for the locals. The decision was in giving player Strang of the visitors a pass to first when he missed a beautiful strike. Riley was the man to make the fatal score.

Dubois pitched the game of his life, but it was not his luck to win. The team outlit the visitors two to one, but it was next to impossible to score.

Time after time did the boys pull out of deep holes, by Dubois's pitching and Slay's fielding.

The first eight innings was as pretty a game as a person would want to see, but in the eighth Umpire Mitchell got his thinking cap wrong side out and gave Player Riley a pass. He then stole second, went to third on McElroy's out and scored on Ganahl's out at first. Desperate tries were made at scoring after this, but two men were caught at the plate.

In the ninth the locals fought hard for the score that tied. Stephens was out, short to first; Robinson fled to Pierce, Cave brought the fans with a double against the centerfield fence, but the locals failed to get the necessary hit to bring him home.

We Can Demonstrate That These are the Biggest Automobile Values Offered for 1911

MODEL 47—Light touring car, detachable tonneau, 102 inch wheel-base, 20 h. p., planetary transmission, 32 x 3½ tires Price \$1000 with full Overland equipment.

OVERLAND MODEL 49

Model 47 has everything a good car should have—standard materials and construction, correct design, extraordinary efficiency, and complete equipment, including high-class magneto and gas lamps. It has power, speed and never-failing ability; it is big enough to give plenty of room, yet it is so handy that it can be readily turned without backing in a narrow street, and so simple as to be the ideal car for women. Its center of gravity is low, thus preventing skidding, and giving a smart and graceful appearance. This model has been thoroughly tested out on a fast 7000 mile non-stop endurance run, through which it came with a perfect score, finishing in better running order than when it started. Considered from every standpoint, this is by far the most desirable and serviceable light touring car that money can buy. The quantity to be manufactured makes the price.

OVERLAND MODEL 50

MODEL 46—Is a 26 h. p. car, 2 passenger, torpedo body, 2 speed planetary transmission, 96 inch wheel base. Price \$950 with full Overland equipment.

Model 45 is the same as model 46 except that it has a roadster body instead of the torpedo body. Price with full Overland equipment, \$875.00.

The big Overlands have not yet arrived. Model 54 is a 40 horsepower torpedo body touring car with the same body lines that are the feature of the highest priced cars made. It is as near noiseless as it is possible to make an automobile.

There are 18 other models, some of which are surprises. You can get an idea of the Overland line by seeing the perfection of these smaller models. Prices from \$875 to \$1825.

SANTA ANANS PILED UP SCORE OF 35 TO 0 AGAINST SAN DIEGO

usual when that is the case the winning team made many brilliant plays, due Saturday to a combination of brilliancy on the part of the home team and weakness on the part of the visitors. In the first minute of play Lutz threw forward to Newcomer, who circled the back-field and landed the ball between the goal posts after a run of forty yards.

During the remainder of the first quarter San Diego played her best ball. With the ball on her five-yard line San Diego held against three bucks, kicked to a safe distance, made good gains outside of tackle, but lost much on fumbling. By a forward pass Santa Ana got the ball within four yards of a touchdown, and again San Diego held hard.

It is a feature of the new rules, by which a man carrying the ball cannot be shoved by his mates, that bucking the ball across a line is far more difficult than it used to be. A comparatively weak team can prevent a ball being bucked across when in every other ground gaining play it would be powerless. At any rate, San Diego frequently held Santa Ana when the ball was within what appeared to be easy striking distance. Santa Ana touchdowns were not made that way. Nearly every one came after long runs. San Diego seemed helpless to prevent Santa Ana's men getting away. Santa Ana's runners, however, were given good

interference and used judgment. It was distinctly noticeable that San Diego was lacking in her safe-guarding of her back-field. Her quarter, who played back, was willing enough but was light and far from fast on tackling, noticeable particularly in contrast to Santa Ana's heady, accurate work along the same line.

In the second quarter, Lutz to Ed. Reeves' hold put over a three-pointer. It was a neat place kick. Lutz attempted four during the game, and got three, a fine average.

The third quarter found everything Santa Ana's way. Reeves with a forty-yard run scored, and Lutz kicked the goal. Lutz added another place kick from the thirty-five yard line. On a blocked punt, San Diego was forced to safety, adding two points to Santa Ana's score. Then Lutz punted over half the length of the field, the ball bounded and was secured across the line by a Santa Ana. Score 26 to 0.

In the fourth quarter Grouard scored a touchdown on getting possession of the ball on a blocked punt, and Lutz bumped another three-pointer, and the game closed with the score 35 to 0.

During the game Tom Wotton, who had been playing a hard game at end, landing San Diegans behind the line time and again, had to quit the game on account of a wrenched knee.

Lutz's punting and hard dashes, Reeves and Newcomer in the handling of punts, all of the backs in carrying the ball, Ed. Reeves fight for every inch when he had the ball and his successful ground gaining through the thick of the other team were features of the game.

A Woman's Back

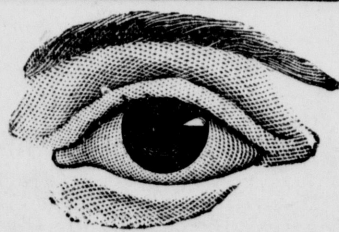

Has many aches and pains caused by weakness and falling, or other displacement of the pelvic organs. Other symptoms: of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening agent known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of women's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply to article called for.

SURELY BREAKS THE MOST SEVERE COLD

Also Ends All Misery From the
Grippe in Just a Few
Hours

—The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

SALT LAKE IS PLANNING FOR INDEPENDENT LINE

San Bernardino Sun: The Sun has information that seems to be absolutely high authoritative in character that the Salt Lake railroad is rapidly completing plans for the establishment, directly east of the business center of the city, of a passenger station, freight house, large round house and light repair shops for its own line when it is built out of this valley to connect with the present line at Daggett which will be soon.

This week a party of surveyors has been working in the eastern part of the city and their movements have lead people who understand such matters to believe that they were railroad surveyors, though so far as known they have been absolutely uncommunicative.

Coupled with this is the fact that the owner of a good sized tract of land just to the east of the business section has been approached in the last few days to sell the land. From other sources the owner of the property has learned that the surveyors were in the employ of the Salt Lake road and that the buyer who approached him is also in the employ of the same line.

Months ago the Sun had almost direct information that the Salt Lake contemplated the running of a line on the east side of the city north to the east of Reservoir hill and then swing around west below the Arrowhead, thus getting up into the Cajon on a much more advantageous grade than is possible in any other route. Several things that have occurred have seemed to confirm this report.

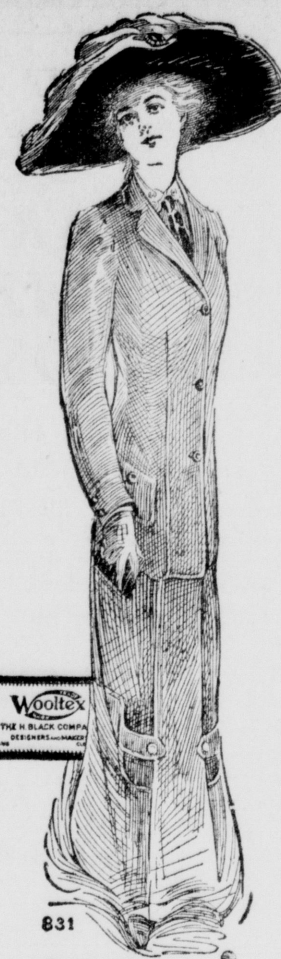

Just what route the line will take from this city to Riverside is a mystery. One theory advanced some time ago was that it will run just to the east of Colton, and to tap Redlands and other eastern parts of the valley a loop line will be built nearly paralleling the Santa Fe, though this is mere conjecture.

BOY'S ARM BROKEN DOING GYM STUNT

Orange News: Willie Eckles, a seventh grade pupil at the Glassell school, fell from a swing at the school grounds during the afternoon recess Friday and broke both bones of his forearm. On the playgrounds there are swings and horizontal bars, and it is a customary sport of the boys to leap from a flying swing and catch the bar. In one of these attempts the lad missed his hold and crashed to the ground with one arm caught under him. He showed unusual grit by borrowing a wheel and riding down town, guiding with one hand, to the office of Dr. Parker, where his injuries were attended to.

The Dobner building, on South Glassell street, owned by F. W. Butler, and now occupied by the News and Gilmore & Hagen's second hand stock, was sold this morning to Henry Shafert, of the firm of Littlefield & Shafert, who was one of the several would-be purchasers. It is stated that the property sold for a good figure. Mr. Butler is disposing of the property as he intends to leave soon to make his home in Phoenix, Arizona.

The building has a seventy-five foot front and is built of brick. The new owner states that he will remodel the

"OLD MORALITIES"

"The New Nationalism" will be one of the chief topics of the discussion before the sessions of the Civic Federation, which will be held in New York City next January. In a general way this topic may be expected to be constantly before the people for some years to come, and it is undoubtedly fair to presume that a great many different issues will be worked into it that the distinguished author did not have in mind when he made his pronouncement. The especial trend of thought to be followed at the meeting under consideration may be best gathered from the following extracts from the official call issued by the president of the Federation:

"Whether we call it 'new nationalism,' or the 'old moralities,' the fact remains that there is an interminable conflict between the states themselves on some matters, and between the states and the Federal government on others, in respect to many of the vital problems of the day, which can only be terminated by legislation framed after serious and sane consideration. The importance of this situation to all business, commercial and industrial institutions, is clearly recognized when we consider that our larger corporations are subject to forty-six masters, each with a mind quite different from that of the others. The diversity of the state laws on ordinary commercial matters, such as warehouse receipts, bills of lading and negotiable notes, the urgent need of uniform labor legislation, the interminable law's delay arising from lack of uniformity in court procedure; these are some of the subjects."

It will be seen from this that a wide scope of reform is expected to be covered at these meetings and it is to be hoped, for the sake of the advancement of the cause, that the delegates will approach their discussion in a frame of mind that will make their findings of real value in the solution of the problems indicated.

SCIENTISTS AT WAR

Everyone is familiar with the constant struggle going on between the makers of big guns and their rivals in the armor plate business. First, some sort of steel plate is discovered which will resist the most powerful guns known to the world of specialists, and then some genius invents a new gun or powder which makes the plate useless. This war has been going on ever since the building of the first ironclad and it is just as warm and determined as it was at the first contest of strength. Exactly the same sort of strife is on between the scientific burglars and the safe makers. For some time it has been accepted as a fact that, when a burglar had an opportunity to apply the fierce flame of the acetylene blowpipe to any make of safe, the looting thereof was but a question of a few minutes. Now comes an Englishman, who has discovered some sort of filler to go between the plates of a safe, which is said to be altogether impervious to any heat at the command of science. It is now up to the burglars to discover a new force to overcome this filler and they are always certain to work the problem out in a comparatively short time. Until that is done, however, the owners of the new safes may rest with an assurance of safety they have not known for years.

HARMON'S BOOMLET

Political forecasters in the east are giving a great deal of their time to Governor Harmon of Ohio these gloomy days. Most of them lean very strongly to the opinion that his recent victory, carrying into office not only the state ticket, but enough legislators to place a Democrat in the United States senate, will make him the logical candidate of his party in 1912. Fortunately for the preservation of that particular brand of peace and harmony for which Democracy has long been noted, there are several Democratic Governors scattered through the eastern states and each of them feels that he is the son of glory upon whom the blow must finally fall. Then there is our lamented friend, Bryan, who is by no means as dead as the returns would indicate, and who is shipping for the Ohio fair.

best expression through the medium of a club. Some of this number are due to wish the recent victory had never happened before taps are sounded.

President Taft's declaration to the people of Panama that this government would feel dishonored in taking over that country unless compelled to do so by the acts of its citizens, should set at rest the scandal mongers who have had so much to say recently about annexation. As the president so aptly said in his address, all statements to this effect have been made by absolutely irresponsible parties and have had no governmental sanction. This country has all the foreign possessions it needs at the present time and will be glad to be able to solve all the problems connected with them before taking on any new responsibilities.

The members of that glass trust may find their efforts to make a mock of the government, because of its proceedings against their organization, very expensive in the long run. A few months in jail may take all the edge off their enjoyment of retaliatory measures.

REBEKAHS FAIL TO SURPRISE CHIEF OFFICER

Orange News: The officers' staff of the Rebekah lodge last evening attempted a surprise on Dr. M. M. Hall, their noble grand. However, in some manner the chief had obtained information of the intended raid, and meeting them at the door with smiling face, ushered them into her rooms, daintily prepared and decorated for their coming. Although perhaps a trifle disappointed by the failure of the plan, no one would have suspected it from the amount of enjoyment the guests crowded in to the short space of an evening. Along with other nice features came the refreshments, sandwiches, salad, olives, doughnuts, cake, coffee and delicious home-made fudge.

The following officers were present: Mrs. Ida B. Davis, Mrs. Johanna Schroeder, Mrs. Ida Litton, Mrs. Bessie Eells, Mrs. Della A. Prince, Mrs. Lydia E. Jones, Mrs. Stella M. Lee, Mrs. Annie E. Crawford, Mrs. Hattie Thomas, Mrs. Addie B. Luy, Mrs. Lotta B. Gitchell, Miss Lelah Crawford, Miss Effie M. Davis and Dr. Mida M. Hall.

Our Washington Letter

WASHINGTON, November 21.—Uncle Sam in one instance at least has adopted the plan whereby he gives all a fair chance to compete and still guarantees satisfaction. This guarantee is given to the coal dealers of the country who bid annually for government contracts. No longer does the government buy its coal by the ton, but it has adopted another measure—that of "heat unit." By this plan, an official of the Bureau of Mines says, the government gets what it pays for and pays for what it gets.

All coal for consumption by the government is purchased now under specifications. These specifications call for so many units of heat to the ton and a statement of the quantity of ash left after the coal is consumed. Samples are sent by the coal dealers to the Bureau where they are tested. The poorer coal finds a market by competing with better grades, not as to the price per ton but as to the cost of an equal number of heat units.

The value of coal is indicated by the number of heat units it contains. This heating value is expressed in terms of British thermal units, per pound of coal, and is determined by a special apparatus at the Bureau called a calorimeter. The samples submitted by the bidders are all treated alike and the successful bidder is the one whose coal comes closest to the required qualifications.

WASHINGTON, November 21.—The ups and downs of trusts in Germany and the rapid increase in the number of combines are described in a consular report from Dusseldorf. They call them "syndicates" in the Kaiser's domain but they seem to be applying trust methods to many industries. The report says:

"The Steel Works Syndicate appears to remain a permanent German institution. The Pig Iron Syndicate has not met with the same success, and the Lorraine Luxembourg Syndicate has proved a failure. The heavy metal plate manufacturers have formed a syndicate which appears to have improved prices. The lighter metal plate manufacturers are at present trying to form a syndicate. A price convention has also been formed among wire manufacturers—drawn wire nail makers.

"The Pipe Syndicate has had many difficulties to contend with; a good number of very powerful works did not join the syndicate and it has been obliged to fight for its very existence. The Steel Cast Goods Syndicate has been renewed both in this district and in upper Silesia. The Rivet Syndicate has been strengthened by a number of new powerful members. The International Sleeper Martell has also been strengthened by the addition of a number of Russian Works. The syndicate movement has also spread to a number of other metal industries; an International Zinc Furnace Syndicate and an International Lead Syndicate have been formed and at present an International Copper Syndicate is being formed.

"The timber industry has additional syndicates. The Match Syndicate has been formed to safeguard the match trade, particularly necessary

at present, as the government has placed heavy taxes on matches.

"Important amalgamations have taken place during the last twelve months. Some prominent shipping lines and some large banks have amalgamated; one of the most important of the year was the amalgamation of a mining company and furnace-owning concerns with a shipping company."

Should Associate Justice Charles E. Hughes be made chief justice of the United States, he will not only be the youngest member of the present Supreme bench, but the youngest presiding justice, save two, in the history of the court. John Hay, appointed in 1789 by President Washington, was at that time 35 years of age, and John Marshall, appointed in 1801, was 46. Hughes is now 48 years old.

There have been eight chief justices since the creation of the court in 1789—Jay, who was 35 at the time of his selection; Rutledge, 56; Ellsworth, 51; Marshall, 46; Taney, 59; Chase, 56; Waite, 58, and Fuller, 55.

Every one of the present justices of the Supreme Court is at least 13 years older than Hughes. Harlan, who has been presiding justice since Chief Justice Fuller's death, is 67; White, 55; McKenna, 57; Holmes, 59; Day, 51; and Lurton, 56.

Practitioners before the court have recalled the history of the first presiding justice, John Jay. He was selected by Washington to head the court in 1789, but resigned shortly after to become governor of New York. Now the court has claimed the governor of New York, reversing the process.

WASHINGTON, Nov. 21.—Tame bears are almost as dangerous to have around the house as wild grizzlies, according to the annual report of the acting superintendent of Yellowstone National Park, Major H. C. Benson, of the Fifth Cavalry, made public today. In part Benson says:

"Many complaints were received during the summer of damages in various camps by bears. They frequently become so tame that they do not hesitate to destroy tents or go through windows into houses to secure food, and sometimes they refuse even to be driven away.

"One man working in a camp near Excelsior Geyser was quite severely bitten and scratched by a bear that he tried to drive away from the supply tent during the night. He was confined to the hospital for 12 days as a result of his injuries, and his companion who ran to his assistance also received some scratches. It was thought that it would become necessary to kill some of these vicious bears, and many requests to do so were received from parties who suffered from their depredations, but this was not resorted to.

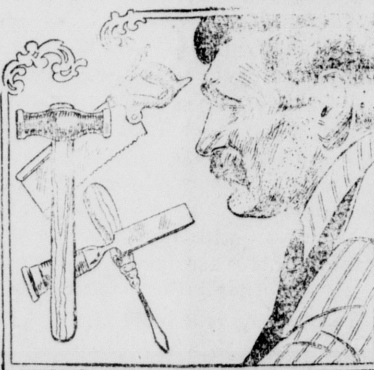

"A herd of 29 wild buffalo was seen in Pelican valley on February 23, and a small herd of five was seen on Cache Creek on February 3. One bull died during the winter in the vicinity of Yellowstone Lake, and its skeleton and hide were sent to the National Museum, Washington, as specimens.

"Moose are frequently seen in the southern and also in the southeastern parts of the park, and are believed to be increasing in number.

"The estimated number of elk in the park is from 30,000 to 40,000. Many of these elk wander out of the park into adjoining states, and a few of them are killed during the season. An occasional one may also be killed inside the border of the park, but such poaching is very limited.

"Deer and antelope are still numerous in the park, although during the winter many antelope escape from the boundary. Both the black-tailed, or mule deer, and the white-tailed, or Virginia deer, are found in the park. About 800 of the black-tailed and 100 of the white-tailed

were fed during the past winter.

"The herd of tame buffalo under fence in the park continues to thrive and the increase is satisfactory. The herd now numbers 121 head, of which 28 are this year's calves. Probably 6000 tourists visited this herd during the summer, it being one of the main features of the stop at Mammoth Hot Springs."

The grand total of visitors in the season of 1910 is given approximately as 19,575. Ten small fires were discovered but they were extinguished by the park patrols and soldiers during the summer.

An enterprise that bears all the earmarks of a venture by the rubber trust is the theme of a report made by United States Consul James T. Du Bois, at Singapore.

"A big rubber company," he says, "organized by American capital and now partially owned by English capitalists, has secured tapping rights over all of the government forest reserves in the Federated Malay States.

"The territory includes about 5,000,000 acres, and the company has obtained the right to tap all jelatong trees on this wide area for a period of ten years, with a renewal privilege of seven years more. This company holds also large rights in South Borneo, in Sarawak, and in the Karimon Islands. They turned out 325,000 pounds of jelatong last year and realized for their recent sales \$1.25 a pound.

"On the Karimon Islands, situated a short distance south of Singapore, the company is erecting a \$300,000 factory in addition to the large one now in operation in Sarawak. This factory will handle all the jelatong received from concessions outside of Sarawak. It is claimed that early in 1911, when the mills will be in full operation, they can produce 6,000,000 pounds of jelatong gum, 10,000,000 pounds in 1912, and 12,000,000 in 1913. These are estimates made by those interested in this great enterprise which promises to monopolize the jelatong market."

The dominating interest of the Americans in the concession is indicated by the fact that of last year's shipments, 12,824 tons came to the United States, 1009 to Great Britain and 5093 to continental Europe.

W. C. T. U. Meeting

The W. C. T. U. will meet on Tues-
day at 2:30 p. m. at the home of Mrs.
J. H. Rankin, 815 Spurgeon
street. The subject is "Causes for
Thanksgiving."

There are thirty-two different de-
partments of work represented in this
union and each superintendent will
please come prepared to give a short
account and report of her department.

All are most cordially invited to be
present at this meeting where will
be reviewed the many blessings that
will make the coming Thanksgiving
day a real one in every sense of the
word.

Will Reside in Los Angeles

Miss Ida Oederlin, who has been one
of the favorite singers of this city has
gone to Los Angeles to reside, taking
her departure this morning. Her
father, J. A. Oederlin, has sold his
ranch property on East Seventeenth

street and is already in Los Angeles,
where Mrs. Oederlin and the other
daughter will join him and Miss Ida
the last of this week. Miss Oederlin
has a choir position in the city and is
promised a position in an opera com-
pany that is being formed for the pro-
duction of light operas in Los An-
geles through this winter. She will
pursue her musical studies with Ro-
land Paul.

Mr. Oederlin is an old timer in Santa
Ana, coming here thirty-six years ago.
His health has been poor of late and
he hopes a change will benefit him,
and besides this the Oederlins wish to
give their daughter Ida the advan-
tages of the city for the development
of her beautiful voice.

Music Recital

(By an Out-of-town Visitor)

A pleasant event in Orange musical
circles which was greatly enjoyed by
many, including out-of-town visitors,
was a recital on last Saturday after-
noon when Prof. W. S. Dearing pre-
sented his music pupils.

An especial number was a trio
given by the Coates sisters, the little
seven-year-old sister Helen playing
the treble part standing at the piano.
She also sang a sweet little song en-
titled, "Where Do All the Daisies
Go." Gretta Brooks played very nicely,
and Emma Franzen equally as well.
All deserved much praise, their work
reflecting much credit on themselves

Delta Alphas Plan Charity

The Delta Alpha class of the First
Methodist church will meet Tuesday

evening of this week at the church.
The class is planning to send a
Christmas box to the Spanish Or-
phans' Home at Lordsburg. The
members are asked to bring dolls to
dress, or any articles to make that
could be used for the children. Gifts
that are either useful or pleasure-
giving will be acceptable.

The Philadelphia Class

The Philadelphia Class of the
First Presbyterian church gave an-
other of their delightful parties Fri-
day evening, at the home of Mrs. J.
G. Morrow.

During the first part of the even-
ing games were played, Janie Givens
winning the first prize and Virgil
Potts the consolation. The second
game was won by Freda Moesser
and the consolation by Phoebe Kin-
near.

A short program was then enjoyed,
Gussie Halbig pleasing with instru-
mental music, Virgil Potts with rec-
itations and Freda Moesser with vo-
cal numbers. Refreshments of cof-
fee, sandwiches and candies were
served.

Those present were Gussie Helbig,
Eva Osborne, Myrtle Doig, Jeffie and
Carrie Tiles, Sadie Bowlsby, Rena
Stafford, Virgil Potts, Mae Overton,
Amelia and Janie Givens, Edith
Wells, Carrie and Nancy Elder, Myr-
tle Reeves, Phoebe Kinnear and
Freda Moesser.

Farewell Recital

The recital given last night by the
choir of the First Baptist church as-
sisted by Mrs. Jas. Rice, Miss Bar-
clay and Gladys Burns, in honor of the
last pastoral service of Dr. J. H. Gar-
nett, was a most delightful one and
was heard by a large audience that
filled the auditoriums of the church.

The morning service conducted by
Dr. Garnett was also largely attended,
the size of the building only limiting
the size of the congregation. It was
with deep regret that the hearers of
his remarks at both services realized
that Dr. Garnett was severing his re-
lations with the church as a pastor
and leader. They will all, however,
wish him a God speed in his new line
of work.

POLISHERS OF BARBER SUPPLIES SENT TO JAIL FOR SEVEN DAYS APIECE

Nearly every hobo brought into the
justice's court tells the same old story,
that he is on his way to San Diego to
take a job as a cook or as a waiter.
San Diego must use a large bunch of
cooks and waiters, particularly at the
time of year when the hobo comes
south to seek warmth. But this morn-
ing the story varied considerably.
Possibly the two hoboes, one Carl
Shaffer and one Harry Lang, had
learned that J. B. Cox, barber, was
elected justice of the peace and they
may have thought he was now in of-
fice.

"What is your occupation?" asked
the judge.
"Polisher of barber's supplies," was
the reply of each man.

The judge was rather of the opinion
that a polisher of barber's supplies
might even be one who polishes spit-
toons and floors.

Further questioning convinced the
justice that the men were guilty of
vagrancy and worthy of punishment to
the extent of seven days in the coun-
ty jail.

Card of Thanks

For the kindnesses shown during
the years of sickness, the sympathy
extended, and the floral tributes at
the time of the death of Mrs. Susan
E. Morrison, mother and sister, we
wish to extend our thanks and heart-
felt appreciation.

ason, Wednesday evening at Spur-
geon's Hall.

YOU Must Excuse

The Appearance of Our
Store for the Next Few Days

The store room is being
extended to the alley and
a big part of the rear wall
will be prism glass, mak-
ing a very light store
room.

A balcony will be put
in for boys' and children's
apparel exclusively. After
this we will endeavor to
give the mothers of boys
what they have long de-
served — a complete boy's
and children's department.

VANDERMAST & SON
110 East Fourth Street

PERSONALS

Mr. and Mrs. Stockford Wheaton
and Mrs. Clarence Trickey motored
over to Pomona yesterday for a short
visit with Mr. and Mrs. Sam Hill, and
to see the new baby that recently ar-
rived at the Hill home.

Dr. J. H. Garnett left this noon for
Chicago, where he will attend the
meeting of the executive board of
the Northern Baptist Convention,
which will probably be in session for
some time. He will return here in
about three weeks, and expects to be
in Southern California for about
three months.

Miss Ruth Deardorff returned to
the city this morning after a pleas-
ant three days visit at the Tusin
home of Mrs. M. E. Phillips. Miss
Deardorff, who is successfully con-
ducting a studio of music in Los An-
geles, was one of the patronesses of
"Her Own Way," at the recent pro-
duction of that play at the Bell.

Mr. and Mrs. C. V. Davis were
morning passengers to the city.

L. J. Carden was a business visitor
to Los Angeles this morning.

A. H. Hooker made a trip to Los
Angeles this morning on a business
matter.

Chas. Kelley made a business trip
to the city this morning.

Mrs. F. T. Stetson went to Los An-
geles this morning for a visit with
friends.

Misses Mildred and Florence Cro-
sier were at home over Saturday and
Sunday, attending the farewell ser-
vices at the church yesterday for Dr.
Garnett.

Mr. and Mrs. J. C. Thomas left to-
day for a two weeks' stay at the El-
sinore Springs. They made the trip
in their auto.

DEATH OF MOTHER OF J. G. MORROW

J. G. Morrow has endured another
grief in the loss of his mother, who
died Friday night in Los Angeles.
His father died but a few years ago,
while Mrs. Morrow, Sr., was very ill
in a sanitarium. It is said she knew
nothing of her husband's death. The
funeral occurred today in Los An-
geles with all of the relatives attend-
ing.

Mr. Morrow will have the sym-
pathy of all his friends here in his
double loss.

VANDERMAST & SON INCREASE STORE ROOM

Vandermast & Son are making
some extensive improvements in
their store this week. An addition is
being built on the rear that will ex-
tend the room back to the alley and
will give them a considerably larger
room when completed.

This firm's business is constantly
growing, hence the need for the
larger room.

CALIFORNIA AT THE CHICAGO LAND SHOW

At the United States Land and Ir-
rigation Exposition in Chicago, Nov-
ember 19th to December 4th, the
Southern Pacific Company and related
lines will maintain a very extensive
exhibit of products from the Pacific
Coast. California will receive a very
large part of the benefit of this pub-
licity. The railroads have secured
forty-eight hundred feet of floor space
which with the installation and care
of their exhibit will cost about \$20,000.
A large assortment of citrus fruits,
processed and dried fruits, nuts, vege-
tables, grain and alfalfa will be on dis-
play and hundreds of thousands of
pieces of literature will be given away
to inquirers.

Such flowers as the hydrangea, cal-
la lily, poinsetta and the brilliant red
flowering eucalyptus will be used in
quantities for decorative purposes and
small orange trees will be used to lend
a California atmosphere to the whole
display.

The wall space back of the booths
which are seventy feet in length, will
be hung with fine enlargements of
California industrial and scenic views.

One of the principal features will be
a series of lectures on the agricultural
resources and scenic features of the
state. These will be of twenty min-
utes duration and will be profusely il-
lustrated with colored slides and mo-
tion pictures. The Southern Pacific
will have its regular lecturers, Mr. J.
W. Erwin and Mr. W. B. Leffingwell
and in addition, lectures will be de-
livered by Mr. L. E. Rankin of the
California Development Board, Mr. A.
E. Miot of the Tulare County Board
of Trade and others. The lectures will
be continued throughout each day
and from 10 a. m. to 10 p. m.

ELKS MEMORIAL SERVICE TO BE HELD SUNDAY, DEC. 4

The Elks annual Memorial Service
will be held in Elks Hall on Sunday,
Dec. 4, at 8:15 p. m. The oration will
be delivered by Rev. H. E. Murkett,
pastor of the First Methodist church,
and the general eulogy will be given
by Clyde Bishop.

Appropriate music for the occasion
will be rendered by Messrs. Allan A.
Reville, organist of the First Congrega-
tional church, and Maurice Phillips, a
baritone singer of great merit.

Petition for Letters

Public Administrator Smith today
petitioned for letters of administra-
tion on the estate of Harry S. Dravo,
who died leaving \$2500 in real estate
at Buena Park and a bank deposit
of \$700. Hammack & Hammack of
Los Angeles are attorneys for the pe-
titioner. E. E. Dravo of Washington,
D. C., in the United States Army, and
two sisters, of Pittsburg, Pa., are the
heirs.

LOOKS LIKE INDIAN BUT SAYS HE ISN'T

Justice Smithwick had a 19-year-old
boy before him this morning. The boy
was arrested last night as he was
hunting a place to sleep in a packing
house. He declared this morning that
he was raised in San Diego and went
to school there. When asked to write
his name, Roman Warnes, he did so
in handwriting that was excellent. The
boy declared his parents were born
in Lower California.

"Sure you are not an Indian?" asked
the judge. Under the law an In-
dian cannot be vagged.

"I am not an Indian," said the boy.
He said he had promise of a job nine
miles from Santa Ana.

Convinced by the boy's looks that
he was an Indian, the justice told him
to go and hunt for his job.

FOOTBALL DEATHS HAVE BEEN MANY

Twenty-two Result Under New Rules With Over 200 Injuries

CHICAGO, Nov. 21.—The number of deaths among college players has been unusually large this year, with the Thanksgiving games yet to be played.

Twenty-two deaths directly attributed to football have been reported. This is eight less than last year's record, but there are still more games and many injured are hovering between life and death in college hospitals.

All deaths and accidents of 1910 have occurred under the new rules which football experts promised would largely eliminate the peril of the game. The figures indicate that

football under the new rules is more dangerous than ever before. They have contributed 65 broken collar bones, 40 broken legs, 37 broken noses, 30 broken ribs, 20 broken ankles, 17 broken fingers, 13 broken shoulders and 11 broken wrists.

TRUTH CROPS OUT

Why Piles Sufferers So Often Fail to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment. Dr. J. S. Leonhardt some time ago perfected a remedy in tablet form—Hem-Roid, which cures the cause of piles, and therefore cures permanently. It is sold by Rowley Drug Co., Santa Ana, Cal., under money-back guarantee. \$1 for 24 days' treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y., Write for booklet. 9

LOS ANGELES FIRM TO REDUCE COST OF LIVING TO PATRONS

LOS ANGELES, Nov. 21.—The firm of J. R. Newberry & Co. announces it will put into effect December 1 a radical change in the general method of conducting business as followed by grocery concerns.

J. A. Newberry, head of the firm, states that the new policy of his house is the answer to the general complaint of the high cost of living, and that his new system, based upon the observation of European methods, will reduce the cost of living in Los Angeles 20 per cent or more, so far as groceries are concerned.

The firm is sending a formal announcement of the new departure to its customers with the reasons for the change. According to the announcement groceries will be listed at 20 per cent below present prices. The firm will do a cash business, and will adopt the system of accepting monthly deposits for running accounts, upon which 4 per cent interest will be allowed. The credit and collection department, it is announced, will be done away with and the public given the benefit of the \$30,000 yearly expended in maintaining the department.

The most radical departure is that which fixes a charge for all deliveries. Under the present system deliveries are figured in the price of goods, although the charge does not appear in the bill. The new method proposes to charge each customer the actual cost of delivery, and it is claimed that the customer will save 15 per cent under the new delivery system. All deliveries under three dollars will cost 15 cents, and 5 per cent will be charged for all deliveries of \$3 or over. Under the old system 20 per cent was estimated for delivery expenses, and the purchaser of \$3 worth of groceries under the new system will pay but 5 per cent for delivery.

ONLY ONE

The Record in Santa Ana is a Unique One

—If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Santa Ana citizens testify to this. Here is a case of it:

P. G. Etchison, 820 E street, Santa Ana, Calif., says: "I always keep Doan's Kidney Pills on hand, in fact, I would not be without a supply. There is no other remedy that can take their place. Since using Doan's Pills in 1907, I have had little need of a kidney remedy. A dose or two on a few occasions, when I have noticed a pain in my back, has sufficed to completely dispel the trouble. My opinion of Doan's Kidney Pills which was expressed in a public testimonial I gave two and a half years ago, remains unchanged, as I value them as highly as ever. I was subject to attacks of kidney complaint. For months if I brought any strain on my back, I was sure to suffer from backache. Knowing that this misery was due to disordered kidneys, I finally used Doan's Kidney Pills. They went directly to the seat of the complaint and I could not have asked for greater benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LOS ANGELES PRODUCE MARKET

Turkeys are arriving in quantity. Every poultry dealer has a daily arrival of anywhere from a crate to a carload. And the California birds have the better of it when general appearance is considered. They are larger than the few eastern birds that have been received. Dealers are paying from 22 to 24 cents to the farmer for turkeys delivered in Los Angeles. This is about the same figure that prevailed last year on live stock. Dressed turkeys are worth 26 to 27 cents, and since the dealer sells anywhere from 30 to 32 cents on the same stock, the consumer may be able to purchase turkeys at 35 cents. Imperial Valley and the San Joaquin are the most extensive shippers of turkeys at the present time. Other poultry is firm at quoted prices.

There was a slackening in the volume of business on the local markets yesterday morning. No particular reason was apparent. Dealers just did not appear on the market for heavy buying. There were practically no changes in quotations of anything except spuds which are on the advance in the north and which at the present rate of receipts must go up in the next day or two. In the north best grade Highlands are holding at \$1.15, which is little less than they are selling right here at present. The cheapest offering on Highlands yesterday morning was \$1.35 by the car. Receipts of potatoes were only 750 sacks. The demand was good and sales of

case count were made at 49 cents. Petaluma storage eggs were in big call and moved at 37 cents. Butter receipts were 20,476 pounds. An absolutely featureless market which has prevailed for more than a month, continued without hope for a break, either up or down.

Oregon triplet cheese sold well, 25 of them going at 17 cents jobbing, with delivery for two weeks from date. Eastern Longhorn also sold very well. Receipts of the commodity were 1076 pounds.

A car of onions, 320 sacks in all, arrived from the north. They were of the Australian brown variety and sold at \$1.75 wholesale. Bean arrivals were only 20 sacks. Offerings were light. Sweet potato receipts were only 32 sacks and on this account the market showed little firmness. There are still a great many sweets held among the dealers.

Apple arrivals were 2400 boxes. The demand for apples was fair. There has been some complaint of poor stock being shipped in during the past week and as a result there has been some cutting on prices of this particular stock, which is showing poor reaction on the market.

WILL DISCUSS LIVE QUESTION

Santa Ana High School Debates Occidental Academy
Wednesday Night

Having won the interscholastic championship in football, the Santa Ana High School thinks that they have a good start in winning other championships. The next interscholastic contest will be a debate between Occidental Academy and Santa Ana High School, in the High School auditorium, Wednesday, Nov. 23, at 8 o'clock. The question for discussion is: "Resolved, that all American cities should adopt a commission form of government." Santa Ana will uphold the affirmative of the question. Althea Henrickson, a debater of ability, and Lloyd Davies, a member of the champion football team, will represent Santa Ana High. Against these two will be the two best debaters in the Occidental Academy.

Judging from the reports received from Occidental, and also the preparation made by the home debaters, this should be the best debate ever held in Santa Ana. The question is a live one and should interest every citizen.

Beside the debate there will be numerous selections both by the High School Glee Club and the orchestra which alone will be worth going to hear.

WILBUR WRIGHT ATTENDED FUNERAL OF JOHNSTONE

SAN FRANCISCO, Nov. 21.—Funeral services were held here yesterday afternoon for Ralph Johnstone, the aviator who plunged to death during a spectacular flight at Denver Thursday afternoon. The services were held at Trinity Episcopal church and were attended by throngs who had known the daring aviator in life. Wilbur Wright and Walter Brookings were present at the funeral and attended the interment at Washington cemetery.

OLINDA WINS FROM OCEANSIDE 10 TO 5

Game is Loosely Played; Jones' Hitting is Feature of Contest

OCEANSIDE, Nov. 21.—The Olinda baseball team came down to Oceanside today for its third game of the year with the local team and returned home victorious, after a loosely-played contest, winning by the score of 10 to 5.

The feature of the game was the hitting of Jones for Oceanside, who scored a homer, a triple and a single in four trips to the plate. Stanley Schultz caught the last half of the game for the Merchants and proved to be a valuable addition to the team. He made four perfect throws to second base, throwing out the runner in each instance.

Batteries—Oceanside: Strickler and Watson, Schultz. Olinda: Crips and McLean. Double play—Couts to Puryear to Schultz. Hits—Off Strickler 5, off Crips 7. Struck out—By Strickler 6, Crips 6. Base on balls—Off Strickler 3, of Crips 3.

Oceanside will play the gas company team of San Diego Thursday as a holiday event.

GIFTS OF FARM AND RAISIN BREAD TO STIR ENTHUSIASM

SAN FRANCISCO, Nov. 21.—A California farm free, a carload of California fruit, raisins and raisin bread, much enthusiasm and great crowds of visitors will make "California Day" at the Land and Irrigation Exposition in Chicago, November 23, a notable work of publicity for the Panama-Pacific International Exposition.

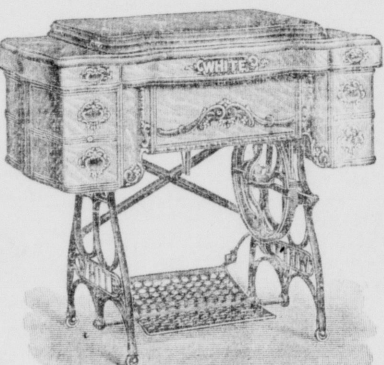

An exposition booth, banked with California fruit and booklets, badges and pamphlets, telling of San Francisco's right to the world's fair, is to be maintained, and the atmosphere of sunshine, summer and western spirit will dominate the day.

SOLICITOR GENERAL H. M. HOYT DIES IN CAPITAL

WASHINGTON, Nov. 21.—Henry M. Hoyt, counselor of the State Department, died here yesterday morning of peritonitis, after an illness of only four days. Mr. Hoyt was graduated from Yale in President Taft's class of 1878.

Mr. Hoyt had just concluded the preliminary work at Ottawa for the reciprocity treaty between the United States and Canada. He held the position of solicitor general at the Department of Justice, in which he was succeeded a year ago by the late Lloyd Bowers. He was of the legal caliber that entitled him to consideration by the President for a position on the Supreme court.

MISS ADELINE FILDES

Appearing with the Metropolitan, Bell Theater, Wednesday Eve., Nov. 23.

That Miss Adeline Fildes, soubrette with the Metropolitans, appearing at the Bell Theater, Wednesday night, November 23, wins the hearts of the young as well as the old, is evidenced by the following clipping from the Houston Chronicle:

"A score of smiling-faced Chronicle 'newsies' accepted the invitation of Miss Adeline Fildes, soubrette, with the Metropolitans, to be her guests Sunday night, and witness the performance.

"No cheers and applause were more hearty than that of these youthful admirers when their 'footlight favorite' was in the spotlight. During the

present engagement of the Metropolitans here, the friendship between the dimpled soubrette and the newsboys has waxed strong. Flowers have been passed to her over the heads of the orchestra, with cards bearing their signatures, and when their voices have been heard calling for 'Fluff a de Ruff,' Miss Fildes has responded willingly.

"In spite of the threatening weather a packed house witnessed the performance Sunday night, and the fact that the little people were having their night and noisily showing their appreciation was the occasion for a ripple of laughter in the audience."

REVOLUTION IN MEXICO SEEMS TO BE REAL THING

Control of the situation throughout the Northern Mexican states.

STUDENTS' DEMONSTRATION AGAINST AMERICANS TODAY

The fifth battalion of Mexican Federal troops quartered at Tepico under orders to go to San Blas, has been ordered to remain at Tepico, owing to a students' demonstration against Americans now in progress there. The troops will be used to suppress any movement the students may make.

It was reported today that eight thousand rifles had been smuggled across the border near here, and their distribution begun.

FIGHTING ACTUALLY ON IN TWO STATES

VERA CRUZ, Nov. 21.—Desultory reports of fighting between the Federal troops and revolutionists in the states of Zacatecas and Morelos reached here this afternoon. No confirmation was received although the same reports reached Mexico City. According to the brief messages the soldiers dispersed several meetings of revolutionists, after which the rebels returned and opened fire on the troops. Several on either side are reported killed.

MONITOR PURITAN IS SINKING IN THE MUD

NORFOLK, Va., Nov. 21.—Already nine feet in the mud and steadily sinking, the monitor Puritan, unless she be blown up or removed soon, may disappear almost entirely from the surface of the waters of Hampton Roads and become a menace to small craft. Since she was subjected to a nitroglycerine explosion last Tuesday, the Puritan has sunk nine feet in the mud.

RUSHING DATA ON COUNTY AND CITY CONSOLIDATION

LOS ANGELES, Nov. 21.—The commission on consolidation of Los Angeles city and county is preparing a rush schedule, so as to get the facts on all contingencies involved before the people and obtain their verdict on what kind of enabling legislation the coming session of the state legislature will be asked to pass.

FRIENDS URGING SEC. OF STATE KNOX FOR SENATE

PITTSBURGH, Nov. 21.—An attempt is being made by Western Pennsylvania friends of Secretary of State Knox to have him come out in opposition to U. S. Senator George T. Oliver for the Senate, and it is said by Knox's friends that he will do so if it is shown that he has a chance to win.

WAKEHAM IS TO PUT OVER ONE THOUSAND ACRES INTO GRAIN

OCEANSIDE, Nov. 21.—E. A. Wakeham of Santa Ana, who succeeds Pete Tute as the lessee of 1000 acres of grain land of the Santa Marguerita ranch, his land being 14 miles north of Oceanside, was in the city yesterday. Mr. Wakeham says he will put the entire acreage into grain this season and considerably more on acreage adjoining. He has been a successful farmer of the Santa Ana section and is pleased with the outlook here. Mr. Tute, who has made money on his lease of lands on the big ranch, has gone to Modesto to reside.

CHIEF GALLOWAY IS TO BE INVESTIGATED

LOS ANGELES, Nov. 19.—Mayor Alexander announced last night that there will be an immediate and sweeping investigation of the police department and of the charges directed against Chief of Police Galloway by former Executive Secretary Harry E. Dean. This announcement was made by the mayor last night after Dean had a lengthy interview with Chief Deputy District Attorney W. J. Ford, during which Dean asked that a warrant be issued against Gallagher in connection with the alleged irregular disposal of certain police department property.

The Waiter With Two Cars

A Cleveland party recently sojourning in a Toronto hotel decided to take an automobile ride about the city.

They approached the extremely self-conscious clerk and asked him where they could secure a car.

"Our head waiter has two, don't you know," he replied.

It took some little time to recover from this shock, but presently one of the party ventured to ask the price.

"Three an hour," was the answer.

That was voted satisfactory and at luncheon one of the Clevelanders turned to the nearest waiter.

"Who is the chap that owns two automobiles?" he asked.

"I am the chap," the waiter replied, and he threw such a freezing emphasis into the word "chap" that it was fairly frost cracked.

They finished their luncheon before they had enough courage to ask the price.

"Four dollars an hour," the waiter replied, with haughty indifference.

Then they went upstairs and hired a very good car for \$3 an hour.

Her Opportunity

"What!" exclaimed her husband in surprise. "You don't mean to tell me you are going downtown on a shopping expedition in all this rain?"

"Why, of course I am," replied his wife. "For nearly six weeks I've been saving up money for a rainy day."

Street and Dress Hats

As the season advances there is always an accumulation of hats in any millinery establishment doing the volume of business we do. Many of these hats might well be considered the cream of our stock by the average buyer, and as a matter of fact, they ARE among the best of our output. It is our policy, however, to reduce stock to the minimum before the season is too far advanced and with that end in view have gone through and have MARKED DOWN OVER FIFTY OF OUR FINEST AND MOST STYLISH HATS. VALUES IN MANY INSTANCES ARE CUT TO ONE-HALF PRICE.

Here's your chance for a new Thanksgiving Hat at a very small outlay of cash.

Property Brought \$325 at
Auction Today

On the courthouse steps this morning Sheriff Lacy conducted an auction sale. The property sold under execution was lot 16, block B, Roger's addition to Laguna Beach, the lot adjoining the Thomas store. Execution followed judgment for \$525 in the action of E. E. Cooley against C. E. Dresser and H. J. Cauldwell. J. W. De Long and E. S. Baker bid on the lot, dropping out when Mac Smith bid \$325. Smith got the lot.

GOV. ELECT FOSS IS AFTER SCALP OF SENATOR LODGE

BOSTON, Nov. 21.—Governor-elect Foss took a formal stand against Senator Lodge tonight when he issued a statement of considerable length in which he said:

"I demand the retirement of Senator Lodge. If he does not voluntarily give up the fight for his re-election I shall refuse to sign his credentials until the end of another campaign that has made the present one that has elected me look like a pink tea."

PROF. HILPRECHT TO QUIT EASTERN UNIVERSITY

PHILADELPHIA, Nov. 21.—Prof. Herman V. Hilprecht, famous in the world of scholarship because of the bitter personal controversies which his Babylonian discoveries aroused, has resigned from the faculty of the University of Pennsylvania.

His resignation has been in the hands of the university authorities since August 20, but no announcement has been made of any action by the authorities.

The reason given for the resignation is that locks on the door of his private office had been removed and his records tampered with, and some of his Babylonian tablets missing.

QUEEN OF BELGIUM IS SERIOUSLY ILL

BRUSSELS, Nov. 21.—Queen Elizabeth is lying seriously ill at Laeken Palace with influenza. The queen, who has always been delicate, contracted a cold last Tuesday when she accompanied the King to open Parliament.

On Wednesday she was very feverish and since then two physicians have been in constant attendance. Saturday they held two consultations and their report issued is causing great anxiety, as pneumonia is feared.

King Albert is constantly in attendance and watches by her bedside day and night.

Naples and Its Lottery

All the hopes and dreams, almost the life itself, of the masses in Naples center in the national lottery system, with its weekly drawing of prizes. In Naples everyone plays the "lotto," and each week sees the upbuilding of the hope and dreams of thousands, only to culminate at the Saturday drawing in a vast, widespread disappointment. But with the return of Monday the Neapolitan has taken heart again, his visions of fortune again take form, to be realized—surely this time—at the next Saturday drawing.—Harper's.
